## Full

## Verbal Description

Candelero Fragment. 6 chambers visible. Chambers are 1.5 cm in diameter and 2.9 cm deep. Chambers are burnt  $\frac{1}{2}$  way up from the bottom - interior walls are burnt all the way through. Base exterior is not burnt, but the rest of the base is. Exterior walls show no signs of burning - 2 vent holes. Right about where the burning stops. Walls are pretty straight & undulate - not a striking honeycomb, but not totally flat either. No paint, slip or decoration.
